MICHIGAN VICTORY LOAN LEADERS IN CONFERENCE.

An enthusiastic meeting of the state and county officials of the War Loan organization at Chicago Friday April 21, was attended by virtually a full delegation from Michigan, with a big representation from other states of the Seventh district. The War Loan organization from Michigan, including the great majority of the men and women county chairmen, as well as the leaders of the state organization attended the convention in a body headed by Frederick R. Fenton, state director of sales. The delegation was accompanied by the University of Michigan band. All the Michigan delegates were identified by wearing the State University colors—maize and blue.

The convention, which was held at the LaSalle hotel, was attended by delegates from all of the five states in the Seventh Federal Reserve district. C. H. Schweppe, director of campaign for the Seventh District, was chairman at the general meeting, and the principal speakers were Major-General Leonard Wood; Lafayette Young, Jr., Arthur H. Vandenberg, Frank Odell, of Omaha, Mrs. George B. B. Kelllogg Fairbank.

The speeches were of an inspirational kind, and were enthusiastically received by the state representatives. Major-General Wood aroused particular enthusiasm with a short speech appealing to the people to "finish the job" as an act of good faith towards the government, and as appreciation of the work of the army and navy.

Following the general meeting the Michigan delegation had a special business session at the LaSalle at which plans were mapped out for the coming Victory Liberty Loan campaign. This meeting was marked by a display of "pep" which promises for the success of the loan campaign. Frederick R. Fenton, director of sales for Michigan, presided at this meeting. The speakers were Brig. Gen. Louis C. Covell, U. S. A.; Mrs. E. Allen, state chairman for women; Walter S. Foster, chairman Ingham county; Charles E. Hilliker, director speakers' bureau for Michigan; C. H. Corrig, district organizer; Russell W. Boyle, acting director of publicity for Michigan, and Mrs. C. B. Mills, state organizer for women.

Later at a dinner given in his honor the delegates listened to an inspiring address by Hon. Carter Glass, secretary of the Treasury, who outlined his views in regard to the coming campaign.

According to the Michigan state officials of the War Loan organization, the preliminary work of organizing the state is about finished, and everything is in readiness for a red hot campaign, which will put the state over the top for the Victory Liberty Loan with a good margin.

For J. J. Steyskalian, director of the foreign language division, outlined plans for the work among the foreign language people.

Crawford county was officially represented at this meeting by acting county chairman Marius Hanson, and Mrs. E. W. Behlke, county chairman of the women's committee.

COLLINS W. WIGHT LAID TO REST.

Impressive were the services held over the remains of the Civil War veteran and one of Grayling's oldest residents, Collins W. Wight last Sunday. At 2:00 o'clock a short prayer was given by Rev. C. E. Doty at the residence of the local lodge. Members of the local lodge F. A. M. acted as pallbearers and escorted the remains to the funeral home where they were laid out. The W. R. C. and the G. A. R. also were in attendance, and those remaining of the veterans of the Civil War, O. Palmer, Wellington Patterson, Adelbert Taylor, W. S. Chalker and A. C. Wilcox were in an auto. At 2:30 o'clock the funeral service was held at the church. Rev. Doty delivered an appropriate sermon, and many beautiful hymns were rendered by the choir. A large congregation of the friends of the only were in attendance.

The many floral pieces that were in evidence showed the high esteem in which the old gentleman was held by his friends. Those from out of the city who came to be in attendance at the last rites were Mrs. Allen H. Wetz of Dayton, Ohio; Mrs. James Robinson of Decatur, Illinois; and Capt. Clyde Hum of Proving Station, Hannan, Ill.

Mrs. Wight, who is left to mourn, the sympathy of the community over her bereavement.

MOCK ELECTION.

Entertainment and Instruction for Local People.

Under auspices of the Parents-Teachers' Association there will be an entertainment given at the High School auditorium Saturday, March 23, at 2:30 o'clock in the afternoon. The program will consist of a mock election. Coming at a time just before the April 7th elections this feature will be especially interesting and also instructive.

There will be a regular election place, provided with voting booths, a full corps of election inspectors, clerks, gate keepers etc. Melvin A. Bates will act as chairman of the election board and incidentally aid in giving out information to any voters who may want aid.

This entertainment will be free to all and the public is cordially invited and all ladies are especially invited to attend.

JITNEY DRIVERS, ETC., MUST PAY OPERATING TAX.

Under the revenue act of 1918, persons who carry on the business of operating or renting passenger automobiles are required to file a return and pay a tax of \$10.00 per year for autos having a seating capacity of more than two and not more than seven; for machines having a seating capacity of more than seven persons the tax is at the rate of \$20.00 a year.

Under the terms of the law, said Collector of Internal Revenue, James J. Brady, of Detroit, "the effective date of this tax is January 1, 1919, and one half of the annual rate is now due and payable. Return forms are now available, and every person liable to the tax will be required to make a separate return and pay tax for each taxable machine. The tax due now will be until June 30, 1919, when the full amount of the annual rate must be paid."

Taxicab owners, jitney drivers, liverymen, undertakers, sightseeing automen and other automobile owners who rent or operate machines for hire should at once write the internal revenue office and secure forms on which to make returns for the tax from January 1st to June 30th, 1919.

DEATH CLAIMS MRS. EMMA A. BRASIE.

At 8:40 o'clock, Friday morning, occurred the death of Mrs. Emma A. Brasie of this city, after a long illness of chronic myocarditis.

Mrs. Brasie with her daughter Miss Mabel came to Grayling from North Branch, Minn., on a visit about a year ago. She was a woman of eighty years old, was a woman of lovely character, and possessed qualities that won for her the friendship of all who had the pleasure of meeting her. Having been in the city for the past number of years, she has been unable to be out among her friends, but enjoyed the quietude of her home and the companionship of her daughter Miss Mabel, who during her late illness, has been constantly at her bedside, and has done everything possible for her mother's comfort. A son, George, Brasie of Michigan City, Indiana, had been the city a couple of weeks prior to her death, and a number of other relatives have been here at different intervals during her illness.

Emma A. Nichols was born in Bockley, Worcestershire, England, February 25, 1839. When eleven years old she came to America with her parents and settled in West Farmington, New York. After a few years spent in New York, the family moved to Lapeer, Mich., where in 1859 Emma Nichols was united in marriage to Mr. Wilmot Brasie. Soon after their marriage the couple went to North Branch to reside, and it was here that Mr. Brasie died in 1883.

The remains of Mrs. Brasie were taken Friday night to the old home at North Branch for burial. Besides those otherwise mentioned three sons and two daughters survive—Homer Brasie of Albion, Mich.; David Brasie of North Branch, Mich.; W. L. Brasie of Ypsilanti; Mrs. Robert Cargill of Marlette and Mrs. James A. Green of Brown City; also a half brother, Charles Trenfield of Texas, and half sister, Mrs. James Simmons of North Branch survive.

Mrs. Brasie, who has many friends in Grayling, extended their sympathy in her sad bereavement.

FORMER OLD RESIDENT BROT TO GRAYLING FOR BURIAL.

The remains of Mrs. Harriet Masters, who passed away at her home in West Unity, Ohio, Saturday, March 22nd, were brought to Grayling Tuesday morning for interment. The remains were accompanied here by the deceased's son, Mr. William L. Masters and wife, of Battal Creek, and Mr. Paul Bel, of Ironwood, Mich., and were taken to the home of Dr. and Mrs. Oscar Palmer, where services were held in the afternoon at 2:00 o'clock. Rev. C. E. Doty of the Michelson Memorial church officiated, and as Mrs. Masters had been a resident of Grayling for twenty years or more, many of her old friends went to the Palmer home to pay their last respects.

Harriet Ervin was born in Crawford county, October 5, 1852. When three years old she went with her parents to West Unity, Ohio, to reside. She was married in 1869 to William Masters and to them five children were born, three of whom died in infancy. She was a member of the Salem Presbyterian church in West Unity, when a girl but later transferred to the Presbyterian church of that place by letter where she had been a faithful member until her death. Services were conducted at her home Sunday afternoon. Twenty years of her married life were spent in Grayling, later moving to Ohio. Besides the son and grandson, two sisters and a brother survive, Mrs. Letitia Hueston of Jackson, Mich.; Mrs. Eunice Baum and William Ervin of West Unity.

Mr. Masters was buried in Grayling seven years ago, and Mrs. Masters was laid to rest beside the remains of her husband in Elmwood cemetery.

COUNTY AGENTS' COLUMN.

Everlastin' Team Work.

"It ain't the guns or armament. Nor funds that they can pay. But the close co-operation that makes them win the day. It ain't the individuals, nor the army. As a whole, But the everlastin' teamwork. Of every bloomin' soul."—Kipling.

"Let's work together—Selfishness killed Germany!"

To the Women.

Have you registered yet? Do not fail to register before March 29th.

The Township Clerk is the proper officer with whom to register. The women have been given the right to vote. It is now their duty to make good use of this right. Make yourself familiar with the constitutional amendments which are to be voted upon.

Do you want liquor abolished forever?

The proposed beer and wine amendment goes through, everything will be more wide open than ever before and will result in more serious problems than we have yet known.

The good women of the state can be depended upon to vote NO on this proposed amendment and give it the slip it deserves.

Liquor interests will have their oves at work. Do not be fooled. Here is our chance to express our views. If we neglect this opportunity we will have much to account for.

What is being done about increasing the acreage of barley on the upper peninsula? The report of J. W. Weston, Leader of County Agents in the Upper Peninsula, shows that barley was increased there last year by 10 percent.

The average yield was 30 bushels while in some parts where fertilizer was used, as high as 50 bushels were raised.

The average yield of corn for the state for ten years is 31.7 bushels per acre.

Note the average feeding value of corn and barley, having approximately the same yield per acre of grain.

Barley—100 lbs. Protein—8.7 lbs. Carbohydrates—66.6 lbs. and Fats—1.6 lbs.

Corn—100 lbs. Protein—7.9 lbs. Carbohydrates—66.7 lbs. and Fats—1.3 lbs.

Reliable feed experiments in Europe and this country have proven that barley is as good a grain as corn for feeding, fattening and producing wool.

Marketing the grain grown through a stock will be a safe policy undoubtedly during the reconstruction period. Growing corn in this section is somewhat of a gamble.

Who will make a barley demonstration this year to see what we can do with it?

In Order to Insure Success.

1. Plant early.

2. Plant on well drained soil.

3. Plant on any land except light sand or muck.

4. Plant cleaned, plump, healthy seed. (Use Fanning Mill.)

5. Plant 1 1/2 to 2 bushels per acre.

6. Plant seed treated for smut.

7. Plant home grown seed where possible.

8. Plant Northern grown seed. It is possible.

9. Oderbrucker barley has proven best in the Upper Peninsula.

The organization work in the various communities in connection with the Farm Bureaus will start April first and continue without cessation until completed, unless the Flu, Sleeping sickness or some other ill stops it.

Several projects in drainage and irrigation are contemplated in these counties. The present Legislature is expected to pass drainage laws that will render the financing of drainage projects comparatively easy. This means a great deal to several of our communities.

Prospective land buyers are coming more and more to take the Department of Agriculture into their confidence when about to purchase land for a home, and answering inquiries and advising with prospective new settlers is rapidly assuming a large place in the work of the County agent. As the Farm bureaus become better organized with committee men in every community this will become a Farm Bureau work. Thus the new settler will get the best advice from farmers in the community in which he desires to locate. These farmers, interests will prevent them from becoming knackers, at the same time their disinterested honesty will cause them to give the newcomer the best advice.

WHY COLDS ARE DANGEROUS.

You are often told to "beware of a cold," but why? We will tell you: Every cold weakens the lungs, lowers the vitality and paves the way for the more serious diseases. People who contract pneumonia first take cold. The longer a cold hangs on, the greater the danger, especially from the germ diseases, as a cold prepares the system for the reception and development of the germs of consumption, diphtheria, scarlet fever and whooping cough. The quicker you get rid of your cold, the less the danger of contracting one of these diseases. Chamberlain's Cough Remedy has a great reputation as a cure for colds and can be depended upon. It is pleasant to take. Adv.

Local News

NEXT Saturday, March 29 is the last day in which registrations may be made for the April 7th election. We believe it is important that every qualified voter be registered and vote. There are important matters to come before the electors at the election and not to participate in it is to forfeit the right that is properly that of citizens. There are three important amendments to be voted upon. These will be printed on one sheet with the Good road amendment at the top. By voting the State the right to bond for fifty millions of dollars for highway purposes, protects our rights to participate in the money appropriated from year to year by the Federal government. The Federal government offers Michigan \$8,000,000 the first year and this we must match with an equal amount or we don't get it. There will be more Federal money available in years to come for highway purposes and Michigan wants her share and by voting yes on this amendment we will be able to get it. We need the good roads and Uncle Sam is making a way for us to get them without large local expenditures, so vote Yes on the Road bonding amendment which is the first one on the ballot.

The second amendment on the ballot is to prohibit the increase in salaries of public officials after they have been elected to office. We believe it is justifiable that this amendment is passed. Thus if you want this to become a law, vote Yes.

The third and last amendment on the ballot is to permit the manufacture, sale, etc., of wines and beers in Michigan. If the amendment carries election there is nothing at this time to prohibit the re-establishment of the saloon in our state. If the people of Michigan want the saloon they may have it by voting Yes on that amendment. If the saloon is not wanted we must vote No on the amendment. As this article is intended to give suggestions on how to vote on the proposed amendments, we wish to state that we are against Wine and Beer amendment and thus will vote No. We do not believe that the citizens of Michigan are going to be guided in their voting by their desire for a "Drink," but will reason the matter out in a broad way and come to a safe, and sane conclusion in the matter. Can any possible benefits come from the saloon at will off-set the injury that comes from drunkenness, and the poverty and evils that comes from drunkenness, and the poverty and evils that evils that accompany it. Liquor is not a builder of happy homes but instead is linked hand-in-hand with ice, corruption and poverty. Our all has not had a prisoner since last December. Were the saloons in operation it would never be empty. These amendments have been printed in full in the Avalanche and every reader should be informed as to their meaning, so now it is up-to-you, dear voter, and upon you rests the responsibility of the election.

O. P. Schumann.

**ANTHON MEILSTRUP DIES SUD-
DENLY.**
 At Mercy hospital Saturday evening occurred the sudden death of Anthon Meistrup, a resident of Grayling for about ten years. Although suffering from hardening of the arteries for the past two years, it was only at times that he was unable to be around. Saturday afternoon he was stricken with paralysis from which he never gained consciousness and he was hurried from his home to Mercy hospital where two hours later he died. Mrs. Meistrup was taken to the hospital at the same time suffering with pneumonia, and she is still quite ill.

Mr. Meistrup was born in Denmark and when a young man he followed the trade of a grocery and provision merchant in Horsens, Denmark. He served in the Danish Cavalry for about three years and as a soldier served in the city of Aarhus, Denmark. When still a young man he came to America, and for a number of years was engaged in the lumbering business in AuSable. When he had made part of a fortune he returned to Denmark to marry the lady of his choice, who was Miss Wilhelmina Baas. A unique part of the affair was that the groom arrived from America in the morning, the marriage was solemnized in the afternoon, and immediately following the young couple left for America. They settled in AuSable, remaining there for many years. Before coming to Grayling Mr. Meistrup has been employed at the Industrial works in Bay City.

The deceased was always found to be a faithful worker and was employed here in Grayling by R. Hanson and Sons, until ill-health overtook him. He was a brother of the late James S. Meistrup, and was 70 years old. Mrs. J. S. Meistrup came to Grayling from Bay City Monday to make arrangements for the funeral which was held yesterday afternoon at the Danish-Lutheran church at 2:00 o'clock. Rev. Kjolhede conducted the services, assisted by the choir of that church.

DANISH GOVERNMENT REWARD.
 How worthless land has been turned into a fine farm without money, but with hard work.
 Laurits Mortenson, Rindpr Karring, Denmark, a brother of Andrew Mortenson of this place and father of Peter Mortenson of Flint, Michigan, received a silver cup, and Laudab Areningsens, Forman R. Sjøvard delivered the following speech:

"Laurits Mortenson born January 18, 1862 in Rind and Elsie Marie, his wife born April 27, 1864 in Brande were married on June 29, 1878.

The year before their marriage Mr. Mortenson bought 80 acres of land for 1000 crowns, on condition that the money would remain in the property, for he had no money with which to buy the land. It was agreed on and he started at once to build a house which was formed of clay and lying mixed together.

The first year he with his wife managed to get about three acres plowed, and in 1879 they bought a cow. It is necessary for the ground to be tilled three years before they could harvest any crops. The only thing to be done for the first three or four years was to plow the ground and wait for better results to come.

Laurits and his wife had to make a living and he was a brick molder, so he made a little extra money by this. His chief desire was farming, so he got a pair of oxen on shares to do the work. In his spare moments he dug merrel limestone on shares two miles from his farm. The owner and he each getting half of the money.

Both he and his wife toiled hard—his working hours being about 18 hours a day. But they soon managed to get a team of oxen of their own and some more cows and little by little they kept on getting more stock. They also constructed more buildings and all work was done with good judgment.

They had eight children, two of whom died in infancy, one who is in America and the others still in Denmark. Their later years of success are partly due to their children, for they have helped them.

The farm is now rebuilt and up-to-date. The farm of 80 acres now boasts of four horses, 20 head of cattle, 5 sheep, 12 swine, 100 chickens and 5 beehives.

The property is worth \$30,000 with only a \$7,000 debt.

When the Mortenson family look back and think of their improvements they must thank God for their blessings. Mr. Mortenson for a number of years has been foreman for the Temperance society.

He gave his children a good education—some attending High school and others the Agricultural schools. This family has performed a fine work for their own good and for the good of others.

Their work has made poor, worthless soil a rich soil. I will now give to the family my thanks and best wishes hoping that their children will follow in their footsteps, from the Kgl-Danske Land, has hold rings selsk abs. I will deliver to you this silver cup as thanks and appreciation for the work you have done. I hope you and your children will highly honor it. Laurits Mortenson, Hurrah.

A luncheon was prepared at the close for Mr. and Mrs. Mortenson and children.

WHERE TERM "UNCLE SAM" CAME FROM.

During the war of 1812-14, Elbert Anderson, Jr., one of the contractors supplying the Army of the North with provisions, advertised for proposals for pork and beef to be delivered to him during the first four months of 1813. Among those who contracted to furnish him with beef were Samuel Wilson, the latter familiarly known as "Uncle Sam" by certain of the soldiers who spoke of his beef as "Uncle Sam's beef." Other soldiers, not knowing who "Uncle Sam" was, thought that the term applied to the letters "U. S." stamped on the barrels by the Government officials, and so it was not long before the United States became familiarly known as "Uncle Sam," and the name stuck.

Military.

Commands for troops in action and in drill need not necessarily fall into disuse with the end of the war. Most of them may still be used with telling effect in civil life. As for instance:

Traffic cop to line of motorists: "In line—Halt!"

Busy business man to waiter: "Double time—March!"

Young woman to her returning soldier-fiance: "Present arms!"

Shopper to saleswoman: "Charge!"

Swimming instructor to his pupils: "Fall in!"

Irate mother to daughter who has applied rouge: "As you were!"

Hotel clerk, to bell hop: "Front!"

Modiste, to customer in hobbie skirt: "Half step—March!"

Impatient father, to young man staying late with his daughters: "Company dismissed!"

Tailor, to customer he is fitting: "About face!"

Discerning mother to her little son, after his bath: "Inspection arms!"

Economical landlord to his prodigal furnace stoker: "Cease firing!"

WHAT SOME OF OUR BIG MEN SAY OF THE BOY SCOUTS.

By Secretary Daniels of the Navy: "The boys in your splendid organization are truly doing a great work of which we are justly proud."

General Pershing writes from France: "To the splendid army of American Boy Scouts, the American Expeditionary Forces send greetings and appreciation for all you are doing for our great cause. Upon you will soon fall the burden of our civilization. Every act and thought of yours, in keeping with the Scout law, will help to make good citizens and good soldiers. Obey it in letter and spirit and all the older scouts who are fighting for you, and all we hold dear, will shake hands with you as comrades, who helped them win the war."

Three cheers for the Boy Scouts of America."

Sincerely yours,
 John J. Pershing.

New York Police department:

"I want to congratulate you on the character and scope of the work of the Boy Scouts. I believe you are weaving into the ways and work of their young life, a fibre of citizenship that will go a long way towards helping this nation realize the high ideals for which we are striving."

By Raymond B. Fodick, Training Camp Activities:

"Please accept my hearty congratulations on the work of the Boy Scouts in connection with the United War Workers campaign. It was merely another demonstration of the effectiveness of your organization of the splendid spirit with which it helped to win the war."

By Geo. Creel, National Board of Public Information:

"I have a very keen appreciation of the wonderful work that has been done by the Boy Scouts of America."

By Newton D. Baker:

"The members of the Boy Scouts of America have in their help to the War Department lived up to their reputation for loyal and effective service in a manner which has won them the respect and admiration of the nation. They have nobly worked at the front over here as well as over there for liberty and justice."

McAdoo:

"I take this opportunity to ask you to convey to the members of your great organization our hearty appreciation and gratitude for the remarkable contributions made by them to the successful prosecution of the 4th Liberty Loan campaign and their generous co-operation with the War Saving campaign."

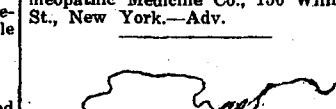

APPREHENSION—FEAR

Apprehension—Fear of the influenza sent the people scurrying to the Doctors and Drug stores for help, so that the stocks of "Seventy-seven" and Dr. Humphreys' other Remedies were depleted. As the epidemic subsides we hope to replenish and minimize the difficulty. Send for a free copy of Dr. Humphreys' Medical Manual and learn how to ward off sickness. \$100 REWARD, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts thru the blood on the Mucous Surfaces of the system thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Medicine that they offer one hundred dollars for any case that it fails to cure. Send for list of testimonials.

TONY NELSON WRITES FROM FRANCE.

LaGuereche, France.
 February 22, 1919.

Mr. O. P. Schumann,
 Grayling, Mich.

Dear Sir:

As I see by the Avalanche, that a good many of the boys from our County are writing letters for your paper, I will make a try at it.

First I want to say that I sure agree with the letter that was written by my old schoolmate Will J. Lauder about the scenery of France. I think I went over the same country as he did, only a few days later, as I started in January. It is impossible for one to describe the beautiful scenery. I don't believe that anyone can give a description of the things they have seen over here, so that their readers could ever imagine just how they were impressed with its sights. I will admit that I didn't do much promenading with French girls, as there were too many other things that interested me.

I also read the letter that was written by the French lady to Mrs. Roblin. I am sorry that I did not receive the paper so that I could have read it before, as I have visited in Cosne several times, and surely would have looked up that lady on one of my trips; and Robert too as we were close friends in school, but I did not know he was located there. Since I have been in France I have yet to meet someone, that I knew before joining the army. And on my trips here I have passed through towns, where since, I have learned that Grayling boys were located. In case of Will Lauder, I was in the same town where he is located for five hours one day on convoy work, and there are several more like cases.

From reports in the paper I see that the terrible disease of Spanish influenza is again raging in Grayling. I trust that it is at its highest and will decrease in due time, so that the people may be relieved from their suffering. May we thank God that there has not been much of this disease in our army, as it might have meant a downfall.

Well, I will close for now, hoping that all are well and with best regards to all Snowslide readers, I am

GOOD ADVICE.

A Grayling Citizen Gives Information Of Priceless Value.

When you suffer from backache, Headaches, dizziness, nervousness, Feel weak languid, depressed, Have annoying urinary disorders; Do you know what to do? Some Grayling people do.

Read the statement that follows. Its from a Grayling citizen.

Testimony that can be investigated. Mrs. Anna Hanson, Chestnut St. says: "Some years ago I was in need of a kidney medicine and as I had heard so much about Doan's Kidney Pills, I got a box at Lewis' Drug Store. They proved satisfactory, curing me of the complaint. I gladly advise the use of Doan's Kidney Pills to anyone who is troubled with a weak and lame back or irregularity of the kidneys."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Hanson had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

Dollars and Cents.

Counting it only in dollars and cents, how much did that last coldest work when he has a cold, but perhaps it would be better if he did. It takes about ten days to get rid of a cold under the usual treatment. That time can be much shortened by taking Chamberlain's Cough Remedy and proper care of yourself, in fact, a bottle of this remedy if the house is a mighty good investment during the winter and spring months.

She was presented with a cut glass flower basket and several other pretty gifts. Mrs. Welch will remain here until after the initiation of the new members, which will take place this evening followed by a banquet and dancing party at the Temple theatre.

Dr. George Elliot, pastor of one of the large Methodist churches of Detroit, gave a lecture in the Michelson Memorial church last Tuesday evening to an assembly of over 200 people. Dr. Elliot is a very forceful speaker and gave his audience some good things to think about.

He charged the Christian church with neglect of duty in as much as they had failed to make the most of opportunities for the past generation toward Christianizing the world. He stated that if we had sent missionaries to Russia for the past 20 years that that country would now be in the order instead of turmoil, and that the world war would have been finished at least a year sooner than it was and thus thousands of lives and billions of dollars would have been saved, and much heart anguish averted.

There are many republics in the world, including Russia, Germany, Austria, Mexico and many others whose domestic affairs are like powder magazines, ready to explode at any moment. The only great republic in the world are those of the United States and Switzerland, both of which were born of the Christian faith and founded upon the religion of Christ. His speech was in the interest of the great Methodist centenary movement which intends to raise \$120,000,000 for reconstruction of the war devastated countries of Europe. This is a big movement and is being joined by other protestant denominations of America. The largest amount of money to be raised, said Dr. Elliot, is already assured and will come with very little effort but the big task will be in the work that is to be done by the organizations of reconstruction and Christianization. Dr. Elliot also spoke Wednesday night in Gaylord where he was greeted with another large audience.

Mr. William Hughes of Bay City and Mr. Mark Phillips, the latter, who recently returned from France, were guests over Sunday of Mr. and Mrs. Alfred P. Hughes. They are father and brother, respectively, of Mr. Hughes.

Mrs. L. J. Kraus, while in St. Joseph last week, received a message of the very serious illness of her brother in Saginaw. She has been in the latter place for the past several days, and came home yesterday, but will return to Saginaw this afternoon to care for her brother, who is still in a precarious condition.

A letter from Major Gansser, nearly two years old, dated May 14, 1917, which has just been made public, shows how Frank G. Walton, of this city, endeavored to get into the service, although beyond the age limit, and it was through the latter that he failed to become leader of the 33rd Regiment band. "So no one can nor will be able to call Walton a shirker or a snicker in this war," wrote Major Gansser. "He tendered his services in the place where he was most needed and where he could have done the most good. That they could or would not accept him was on account of age limitations and that is not his fault."—Bay City Times-Tribune.

Charles Fredericksen, the newly appointed express agent, who was injured when he fell from a large truck, Thursday of last week, while endeavoring to lift a heavy piece of express, was able to return to his duties Tuesday morning. In falling from the truck he struck his head either on the brick pavement, or on the wheel of the truck, and when picked up was unconscious. His wounds were dressed at the Dr. Insley and Keyport offices, and he was later taken to the home of his sister, Mrs. Arnold Lauridsen, where he was confined to his bed for a few days. He still has a black eye, but a feeling quite well again.

Waldemar Olson, who was recently discharged from service, after several months overseas, purchased the moving picture business of William Damoth at Gaylord last week. He took possession Sunday and will conduct a first-class movie house. His brother George Olson, will have charge of the booking of shows, and as he is the able manager of the moving picture show in Grayling and has had a large experience in this line, the people of Gaylord may be assured they will have high class pictures. Mr. Olson is in Detroit booking shows and special features for both the Grayling and Gaylord show houses.

ET CLOCK AHEAD ONE HOUR.

April 1st is the official time of which all clocks should be set ahead one hour, for the purpose of having more day light. This new time will go into effect generally and be observed by public utilities, including railroads, and all others. It is expected that some of the local industries will start on the new time next Monday morning. No doubt the men employed will be advised by their employers in due time as to any change in arrangements. As all public utilities are to assume the new time regulation it will be well for the citizens generally to set their clocks ahead either Sunday night or Monday night.

Let Them Call It What They May It's Right Name Is—Saloon

COUNTLESS ATTEMPTS have been made in this and in other states to fool the people into voting for acts and amendments that will bring back the saloon with all its attendant evils and dangers.

THE USUAL PROCEDURE is to give such legislation harmless sounding titles but, by a tricky use of words—a camouflage of language—ship a joker into the text that will give it, when enacted, the opposite power and effect to that which appears in the title.

A MORE VICIOUS use—or rather abuse—of the intentions of voters cannot be imagined—but what can you expect from a business founded as was the saloon on the weakness and cupidity of the weaker members of the race?

RIGHT NOW IN MICHIGAN a last desperate attempt is being made to do just that sort of thing.

UNDER A TITLE that sounds like one thing, an amendment that means just the opposite, is up for your decision.

IT IS CALLED the "Beer and Wine" amendment. When the "Wets" speak of it they use the term "Light wines, etc." but as a matter of fact the word "light" does not appear in title or text—and a heavier weapon was never used by the advocates of a befuddled world!

FOR IF YOU WILL READ this latest attempt to nullify Michigan's best piece of legislation—the "Dry" act—you will find that it means just this—bringing back the Saloon in its worst form and with its most harmful accessories.

CALL IT WHAT THEY MAY—word it as they may, to conceal its true intent—this "Beer and Wine" amendment's right name is "The Saloon Amendment."

DON'T BE DECEIVED by the wheedling of those who have always advised only for their own profit—and your loss.

READ CAREFULLY: weigh every word, and make up your own mind what the saloon interests are trying to get you to do.

JUST AS AN EXAMPLE of the difference between what they say about it and what they say in it—

THEY ARE SOLICITIOUS—Oh, so feelingly solicitous!—lest the poor farmer be denied the privilege of making cider from his own apples. That would be a great hardship you will agree. They weep real tears over his predicament!

VERY WELL—Read that amendment and you will find cunningly stated in verbiage yet clearly stated, that if that "Beer and Wine" amendment were passed the farmer could neither make nor sell cider without first taking out a license—same as a saloon or a brewery.

CAN YOU BEAT THAT for double dealing? Yet they fondly hope that enough Michigan voters will be fooled by the title and by their propaganda to vote for this thing that would put the saloon back even stronger than it was.

OH, WINES ARE HARMLESS, they say. Verily! Wine is the standby of the "Side Door" and the Cabaret. And the Cabaret and the "family entrance" are the most vicious phases of the Saloon—they ruin women as well as men, and degrade both.

WHY, SOME FOREIGN WINES have almost as great an alcoholic content as the strongest whiskey—and create a worse form of intoxication.

"AND BEER" they used to tell us—"why in Germany even the children drink beer. Beer drinking is universal!"

WELL, WE HAVE SEEN what Beer will do when universally used! Was ever a people more degraded—more brutalized—more deadened to the difference between right and wrong?

MAKE THE BRAIN SODDEN—render it, by constant soaking in beer, only half active—and you have a being more akin to a brute than a man. Tractable? Yes—but never dependable.

NO—WE NO LONGER hold a deer soaked people up as examples of anything.

AMERICAN GENERALS found that men who went over the top sober were better able to do their part and take care of themselves—especially if wounded—than were soldiers who had grog poured to them to lend an artificial, momentary courage.

THEY EVEN TRY—the Saloon propagandists—to make you think our soldier boys resist the abolition of the saloon.

WHAT AN INSULT to those brave boys and to your intelligence.

AS IF EVERY AMERICAN SOLDIER were a stuper so addicted to his booze that, like a dope fiend, he would fight if deprived of it.

THAT'S THE VERIEST ROT or course. They know it is—else why do they not dare say just what this "Beer and Wine" Amendment really means?

WHY DO THEY TRY TO HIDE its real intent under an innocent sounding title and hide its meaning again by a tricky use of words? Why?

BECAUSE THEY KNOW that the people who voted Michigan dry still want it dry. And they know too that the votes of the men will now be supported and augmented by the votes of Michigan women—and they know what that vote will say.

THEIR ONLY CHANCE to get the saloon back is to make you think they want no more of the saloon.

IT IS THEIR LAST, forlorn hope—their last dying kick. The saloon is gone without it. The longer we are without it the less we miss it—the less does anyone want it back.

THEY'D LIKE TO DRIVE a wedge in the Federal act by getting this amendment through in Michigan. That is the big significance of this attempt—that a why so much outside money is being spent in propaganda here.

TRUTH TO TELL there isn't much Michigan money being spent—Michigan brewers and saloonists look upon it as a dead issue. They are making other plans and are not spending more good money after bad.

BUT OUTSIDERS are still frantically trying to get Michigan back in the wet column so as to prevent nation-wide prohibition and the utter dismantling of every brewery and distillery in this country.

FOR THAT KIND OF PROHIBITION does prohibit—no more chance for disgraceful scenes like that recently between Toledo and Detroit.

THEY HAVE EVEN TRIED to make the appear a religious issue—their propaganda says some denominations are against a dry state.

IT'S NOTHING OF THE KIND—some men of all denominations favor a Wet condition. But the vast majority of all religious denominations are for a dry state and a dry nation.

THIS ISN'T A MATTER of religion; it's a matter of decency and sanity and good citizenship as against bad citizenship.

WATCH THIS THING—it is counterfeit. It does not mean what it says. It is a misnomer. Its intent is vicious. It dresses in the guise of liberty—"personal liberty"—its effect would be to enslave again.

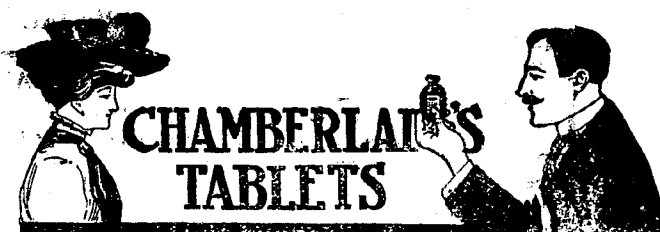

IT IS CALLED THE Beer and Wine Amendment—the real name is the Saloon Amendment.

DO YOU WANT the saloon back?

IF NOT—vote NO April 7th to the so-called "Beer and Wine" Amendment.

CHAMBERLAIN'S TABLETS

THIS is just what you need, madam. Many women who were troubled with indigestion, a sallow, muddy skin, indicating biliousness and habitual constipation, have been permanently cured by the use of Chamberlain's Tablets. Before using these tablets they felt miserable and despondent. Now they are cheerful and happy and relish their meals. Try them. They only cost a quarter.

HAS HAD STOMACH TROUBLE FOR SEVEN YEARS.

Theodore Sanford of Fenmore, Mich., has had stomach trouble for seven years and could not eat vegetables or fruit without pain in the stomach and restless nights. By taking Chamberlain's Tablets he is now able to eat vegetables or fruit without causing pain or sleeplessness. If troubled with indigestion or constipation give these tablets a trial. They are certain to prove beneficial. Adv.

Chronic Constipation.

There are people who never have a movement of the bowels without it is produced by a cathartic. Most of them have brought that condition on themselves by the use of mineral waters and strong cathartics that take too much water out of the system and aggravate the disease they are meant to relieve. A mild laxative tonic like Chamberlain's Tablets affords a gentle movement of the bowels that you hardly realize has been produced by a medicine, and their use is not so likely to be followed by constipation.

For the Children.

Too much care cannot be exercised in selecting a cough medicine for children. It should be pleasant to take, contain no harmful drug and most effectual in curing their coughs and colds. Long experience has shown that Chamberlain's Cough Remedy meets these conditions. It is a favorite with many mothers.—Adv.

Periodic Bilious Attacks.

Persons subject to periodic bilious attacks will observe that their appetite fails them just before an attack. That is, they do not crave food but eat because it is meal-time. If they will eat only a light meal and no meat then take two of Chamberlain's tablets the attack may be avoided. Adv.

A Queer Old Bird is The Pelican

Its bill holds more than its bellican.

But at that, its heart is bigger than its bill. It is the only bird which shares its food with other and weaker fowl.

So the queer old pelican looms up handsome in Goodrich's eyes—eyes which see beauty that is more than skin deep.

Goodrich, it is true, makes Silvertown Cords the handsomest tires—the very Beau Brummel tires of smart cars.

Yet if clumsiness and ugliness would add one mile to their service, Goodrich would make them clumsy and ugly as the queer old pelican.

"Quality First," rules in the manufacture of Silvertowns; and they render quality service first and last.

Give your automobile the obvious grace and elegance of the Tires with the Twin Red Diamonds on the sidewall. Their mileage is sure.
